

The Third Academic Conference of Sichuan Medical Association in Minimally Invasive and Non-invasive Medicine in conjunction with the First Young ISMIVS Committee of 2024

Preliminary Agenda

Registration
Location: Suining Marriott Hotel (Sheng Lian Island, Chuanshan District, Suining, Sichuan Province) Suining Vicwell Hotel Hotel (No. 30, Lingyun Road, Hedong New District, Chuanshan District)
Time: July 26, 2024, 14:00-20:00
Dinner Location: Buffet Restaurant on the First Floor of Marriott Hotel
Third International Haifu Cup Case Competition Finals
Location: Zitan Yangliu Hall, Suining Marriott Hotel
Time: July 26, 2024, 13:00-18:00
Standing Committee Meeting of ISMIVS Youth Committee
Location: Zitan Yangliu Hall, Suining Marriott Hotel
Time: July 26, 2024, 20:00-21:00
General Meeting of the Minimally Invasive and Non-invasive Medicine Professional Committee of the Sichuan Medical Association
Location: Xuesong Xiangzhang Hall, Suining Marriott Hotel
Time: July 26, 2024, 20:00-21:00

**The Third Sichuan Medical Association Minimally Invasive and Non-invasive Medicine
Academic Conference
and the First Academic Conference of the ISMIVS Youth Committee 2024**

Main Venue: Banquet Hall 3, Suining Marriott Hotel

Date: July 27, 2024, 8:30-17:10

Time	Speaker	Topic	Host
8:30-8:50	Leader Speech		
8:50-9:05	Awards Ceremony for Case Competition		
9:05-9:15	Establishment ceremony for Specialist Alliance		
9:15-9:35	Wang Zhibiao	Insights on Minimally Invasive Medicine	Chen Yongjun
9:35-9:55	Felix Wong	The future development of HIFU treatment - my personal opinion	Zhang Lian
Coffee Break			
9:55-10:15	Hu Jingqing	Holistic Approach in Traditional Chinese Medicine and Health	Ji Xiaoli
10: 15-1:0:35	He Suyu	Minimally Invasive Practice in Multidisciplinary Treatment	Chen Jiming
10: 35-10:55	Aranya Yantapant	Robotic surgery in gynecology—rajavithi experience	Guo Tao
10:55-11:15	Xiao Xue	Management of Pregnancy-Related Risks after HIFU Treatment	Zhang Xiaoli
11:15-11: 35	Hamed Mohamed	Management of liver tumor & HIFU application in other extended indications	Liu Li
11:35-11:55	Wang Shui	Local Ablation Treatment of Breast Cancer	Chen Shuzheng
Lunch			
12:10-12:30	Xue Min	Application of Focused Ultrasound Technology (FUAS) in Adenomyosis	Li Yilin
12:30-12:50	Chen Chunlin	The Future of Diagnosis and Treatment of Obstetric and Gynecological Diseases - Integration of Minimally Invasive and Non-invasive Treatment and AI	Jiang Juan
12:50-13:10	Yang Hongwei	Clinical Research and Application of High-Intensity Focused Ultrasound (HIFU) in the Treatment of Breast Fibroadenoma	Ning Ping

13:10-13:30	Chen Wenzhi	Current Status and Prospects of Focused Ultrasound combined with Radiotherapy in the Treatment of Malignant Solid Tumors	Zhang Guanglin
13:30-13:50	Han Dingli	Application of Metabolomics in Basic Research of HIFU Treatment	Duan Xufei
13:50-14:10	Zeng Dingyuan	Exploration of Pelvic Defects in Improved Surgical Treatment	He Tingde
Coffee Break			
14:10-14:30	Sigit Pramono	Hysteroscopic management for acute massive Vaginal Bleeding post HIFU for Adenomyosis	Wang Junjie
14:30-14:50	Chileshe Mpehle	HIFU Treatment of Gynecology Disorders-South African experience HIFU	Xu Fan
14:50-15:10	Zhou Min	Application of Focused Ultrasound Technology (FUAS) in Gynecology and Obstetrics	Deng Qingchun
15:10-15:30	Du Xiaobo	Progress of Combining Radiotherapy and HIFU in the Treatment of Malignant Tumors	Tan Jianjun
15:30-15:50	Zheng Ying	Advantages of Robotic Single-Port Surgery in Gynecological Malignant Tumor Surgery	Lei Tingting
15:50-16:10	Zhou Kun	Clinical Progress of HIFU in the Treatment of Liver Cancer	Tang Xiaowei
16:10-16:30	Wang Dengfeng	Importance of Paying Attention to the Adverse Impact of Intraoperative Rupture on the Prognosis of FIGO Stage I Ovarian Cancer	Jiang Jing
16:30-16:50	Hu Huiquan	Comprehensive Treatment Options Based on Focused Ultrasound for Uterine Adenomyosis	Liang Tingting
16:50-17:10	Panel Discussion: Liang Yun, Zhu Yong, Zhao Zhimin, Liu Li The Role of Focused Ultrasound Ablation in the Treatment of Malignant Tumors: Synergy and Integration		Nian Weiqi

Sub-Venue: Training Course on Focused Ultrasound Ablation Surgery for Benign and Malignant Tumors (Case and Academic Sharing + Discussion for Young Physicians)			
Venue: Zitan Yangliu Hall, Sui Ning Marriott Hotel			
Date: July 27, 2024, 13:30-16:10			
Time	Speaker	Topic	Host

12:30-12:40	Zhu Xiaogang	Application and New Advances of FUS in Cesarean Scar Pregnancy	Yi Jinling
12:40-12:50	Dai Yu	Application of Focused Ultrasound Ablation Technology in Fertility Preservation of Benign Uterine Diseases	Luo Yi
12:50-13:00	Xu Feng	FUS Treatment of Adenomyosis and Fertility	Xiong Qiongying
<p style="text-align: center;">Q&A and Discussion: Role of FUS in Fertility Preservation (Moderator: Zhang Lian) Panelists: Wan Xiaoli, Yi Jinling, Xiong Qiongying, Luo Yi</p>			
13:20-13:30	Zou Min	Experience Sharing of PEI Combined with FUS in Treatment of Uterine Fibroids	Zhao Liangping
13:30-13:40	Wang Xiaoli	Comprehensive Treatment of Refractory Uterine Bleeding	Pan Changqing
13:40-13:50	Wang Zhiliang	Application and Thoughts of Polidocanol in HIFU Ablation of Uterine Fibroids	Li Ou
13:50-14:00	Huang Guohua	Application Prospects of Carboprost Tromethamine in FUS Treatment	Lin Zhenjiang
<p style="text-align: center;">Q&A and Discussion: Exploration of FUS in the Treatment of Difficult Uterine Fibroids (Moderator: He Min) Panelists: Lin Zhenjiang, Zhao Liangping, Li Ou, Pan Changqing, Hu Senyang</p>			
14:20-14:30	Wang Haixing	Exploration of FUS Treatment of Mastitis	Li Meifang
14:30-14:40	Chen Maoshan	Application of High-Intensity Focused Ultrasound in Malignant Breast Tumors	Yin He
14:40-14:50	Liang Mengdi	Exploration of FUS in Breast Diseases	Cai Shibin
<p style="text-align: center;">Q&A and Discussion: Application of FUS in the Treatment of Breast Diseases (Moderator: Zhang Cai) Panelists: Li Meifang, Xiong Li, Yin He, Cai Shibin</p>			
15:10-15:20	Tao Hua	Innovative Therapy: Breakthrough Application of Focused Ultrasound Technology in Restoration of Vaginal Microecology and Clearance of Cervical HPV	Xiao Linlin
15:20-15:30	Zhang Miao	Norms of Focused Ultrasound Diagnostic and Treatment for HPV-Related Cervical Intraepithelial Lesions	Lu Ling
15:30-15:40	Guo Bei	Application of Focused Ultrasound in Allergic Rhinitis	Yu Wenxing
15:40-15:50	Jia Lang	Clinical Application and Mechanism Research of FLIPUS in Knee Osteoarthritis	Peng Xu

Q&A and Discussion: Clinical Application of Focused Ultrasound in Non-Tumorous Diseases (Moderator:

Wang Xi)

Panelists: Xiao Linlin, Lu Ling, Li Ou, Yu Wenxing, Peng Xu
